Welcome to the herb catalogue! Here you will find all the available herbs you can gather all around the map, as well as the mission exclusive ones.

You will also find relevant information about every herb, and the locations they grow in!

The table of contents on the left will also send you to the plant page location if you click on the names.

If you need a more eye-friendly version of this catalogue let me know!

If you encounter any issue/error, please let me know!
My discord tag is @bubusu <3
